~~A change in this element requires that the current FD record be closed and a new record opened with appropriate Effective Start and End dates. Therefore, a student may have multiple values for this element in the course of a school year. Note that the correction of an error does not constitute a “change” in the value of this element. As long as the correction represents the true value for a student as of the Effective Start Date on the record, an update to the value should be made without closing/opening a new record.~~
